|--|-------------------|
| B.Tech - computer science and engineering <ul style="list-style-type: none">Velagapudi Ramakrishna Siddhartha Engineering College, CGPA : 8.94 | 09/2023 – present |
| Intermediate <ul style="list-style-type: none">Sri chaitanya junior college, Percentage : 92.0 % | 08/2020 – 05/2022 |
| Class X <ul style="list-style-type: none">Krishnaveni talent school, Percentage : 99.33 % | 06/2019 – 05/2020 |

Skills

- **Programming languages:** C, Java, Python
- **Web technologies:** HTML, CSS, JavaScript, familiar with Bootstrap and React.js
- **Database:** SQL
- **Relevant courses:** Data Structures and Algorithms, Database Management systems, Object oriented programming, Operating Systems, Software Engineering
- **Soft skills:** Teamwork, adaptable, organized, focused, responsible
- **Operating systems & Tools:** Microsoft Windows, Linux, Visual studio code, Github, UiPath studio

Projects

CouKart - A marketplace for selling and buying coupons

CouKart is an online marketplace for buying and selling unused coupons, helping users save and earn from unclaimed deals. Built with HTML, CSS, JavaScript, and Node.js, I developed the front-end development.

An automated Chat bot

Developed a chat bot that answers according to the data which is previously given to it. It was built using the UiPath Studio.

Calorie Tracker Web App

A lightweight web application to monitor food items and calories with input validation, total calculation, and data persistence in localStorage. Created a minimalist, responsive UI. It was built using HTML, CSS, JavaScript, LocalStorage.

Courses and Certificates

Java programming fundamentals

Infosys springboard

Ethical Hacking

NPTEL - swayam

Programming essentials in C

Cisco netacad

Programming essentials in Python

Cisco netacad

UiPath Automation tools training

UiPath academy

Introduction to Cyber security

Cisco netacad

SQL (intermediate)

HackerRank

Internships

- Web developer intern - Veterans India (Present)
- IBM skillsbuild Front end web development inernship
- Google android developer virtual internship

Workshops and Hackathons

Amaravathi Quauntum Valley Bootcamp and Hackathon

APSCHE

Gemini flash 2.0 workshop

l4g technologies, VRSEC

GDG solution challenge Hackathon (winner)

Google Developer Groups (GDG) at VRSEC

Tech Winter Break - Flutter:The future of app development workshop

Google Developer Groups(GDG) at VRSEC

UI path Hack-a-bot Hackathon

UI path community, VRSEC
